

## TECHNICAL CARD

### Aluminium legar 24x39x4000

**1. Technical draw:**

**2. Dimension: 39x24x4000 mm**

**3. Material:**

- Aluminium,
- EN-AW 6063-T66 (AlMgSi,5)

**4. Application**

- For invisible terrace installation with grooved sides
- Used with SystemPeter PICLIP clips
- Compatible with our adjustable pedestals with 40 mm snap adapter

**5. Application Instructions of aluminium legar**

Max. span L [Unit of measure mm] of adjustable foot $F_{max.} = 8,0$ kN								
Load [kN/m <sup>2</sup> ]	axial distance e [mm] of aluminium system profile [39x24mm]							
	300	350	400	450	500	550	600	800
